

Covid-19 News – April 6th, 2020

CDA Technical Institute continues to monitor the situation; the safety of all our students, faculty and staff is a top priority. With ongoing concerns about the Coronavirus (COVID-19), we are closely monitoring the latest reports from the Centers for Disease Control (CDC) as well as state officials.

We hope all of our Students, Instructors and Staff are staying safe, practicing good social distancing and that we can all return to school soon.

At this point we are still planning on returning to full operations on May 4th. We want to resume our training and at the same time provide a healthy safe environment for all.

We look forward to seeing everyone and in the meantime, keep referring back to our social media for updates.

Again, stay safe and please practice good hygiene and social distancing so we can make this happen.
